Fully coated thumb

Breathable backhand

EN388:2016
+A1:2018
Cat. II 2141X

FEATURES

- » A double latex palm and extra thumb coating with a 10 gauge sturdy liner deliver superb protection.
- » Unique rough and crinkle finish coating provides excellent durability and grip performance.
- » The liner prevents the hands from slipping within the glove.
- » Proteins, chemical substances and odors are leached to minimize allergic reactions and discomfort.
